The Host Institution

A.Veeriya Vandayar Memorial Sri Pushpam College is in the village Poondi the family seat of the well known and greatly acclaimed 'Vandayars of Poondi'. This verdant green fertile landscape village lies 12 kms east of Thanjavur an ancient royal city and one time capital of the Imperial Cholas.

This college was founded by Late. RAO BAHADUR SRI. A. VEERIYA VANDAYAR in mid-Fifties and is now an Autonomous Post-Graduate and Research Institution Re-Accredited 'A' Grade with 3.38 points by NAAC.

Srimaan. K. THULASIAH VANDAYAR, Secretary and Correspondent with his rich academic and administrative experience, erudition and acumen has transformed the college into a hallmark intellectual centre where teaching and research activities encompass of 18 UG 17 PG 12 M.phil and 14 Ph.D courses.

The college has a well established library with 96,000 books and 100s of research journals and periodicals. The student communitymen and women is about 8,500 in number, with 350 talented faculty strength. Faculty members with specialized technical expertise impart skill-oriented certificate courses during and outside the working hours. The city of Thanjavur stands unique in the Cauvery delta in its rich cultural heritage and hallowed antiquity. With the everflowing mother Cauvery sustaining the life and growth of the region, Thanjavur remains the eternal Byzantium of the eastern hemisphere. Art, Architecture, painting, Classical music, and Dance are the priceless Pride of this province. Great kings, Warriors,

Ministers, Nobles and savants have created and crafted excellent works of art, artefact and even artillery of splendid quality and everlasting fineness.

History of the Department of Economics

The Department of Economics is the earliest department in the college. B.A. Economics was the first degree course in the college started in 1959-60. Similarly the first Post graduate course in the college was M.A. Economics started in 1967-68. The department was upgraded as a research faculty in 1983. We now offer M.Phil., and Ph.D., programs for both men and women. All the courses in Economics are co-educational .So far 30 scholars have been awarded Ph.D., degrees and 24 scholars are pursuing Ph.D, More than 367 scholars have been awarded M.Phil., degrees. The alumni of the department occupy key posts all over the country.

For the first time in the year 1986 the department organized the 6th Annual Conference of the Association of Economists of Tamilnadu, and then onwards it has become a part and parcel of the department to organize annual conferences. Subsequently in the year 2001-2002 it has organized the Regional Seminar on Banking, and 23rd annual conference of the AET. National Seminar was organized in 2009 on “Women Empowerment with Special Reference to Rural Economy” and in 2012 entitled “Second Green Revolution”. So far the department has organized 3 district development seminars. *The seminar is on and about women-the central object in men's life and existence.

Theme of the Seminar:

Woman is the companion of man, gifted with equal mental capacities. She has the right to participate in minute details of the activities of man and she has the same right of freedom and liberty as he; she is entitled to a supreme place in her own place, in her own sphere of activity as man is in his.

-Mahatma Gandhi

“I don't think that any society can progress if half its members do not have equal opportunity and their talents and capabilities are ignored”

-Srimathi Indra Gandhi

“Woman is the builder and moulder of the nation's destiny”.

-Rabindra Nath Tagore.

All nations have attained greatness by paying proper respect to women. That country and that nation, which don't respect women, have never become great nor will ever be in future.

-Swami Vivekananda

The rural women are the marginalized groups of our society. Due to socio-economic constraints in the rural areas, Women's potential for development remained far from fully utilized and they have been pushed further back into social hierarchical system. The proposed seminar on Rural Women Entrepreneurship The Dynamics of Progress and its Reversal will lay emphasis on all women related empowerment, dynamics and on all causes and factors leading to the structure and formation of a social edifice where women are active, generative and participatory in all developmental and creative phases, as men do.

Women have to be granted power to think and act independently. Indian society, history and polity have portrayed .Women in poor light, except in select cases. Generally, women are in self exile,entrenched in economic subjugation. They helplessly look for better social status, position, power and fortune. They do not swim along favourable tides and stay adrift.

In this connection, the Seminar on Rural Women Entrepreneurship: The Dynamics of progress and its reversal provides an opportunity to create a forum to deliberate and discuss among researchers, social scientists, rural development experts, economists, on a single platform to highlight the significance of rural entrepreneurship is important to identify and delineate areas for further research which would promote the rural entrepreneurs.

The seminar would make a clarion call to address all the above discussed issued and objectives...
